

Dear Sergeant,

Since you've been a faithful soldier, I'm going to give you a chance to avoid a massive defeat at the hand of my boys from Israel. There is no question that I have my favorites – Gideon and the Jerusalem gang top my list.

So here's how it goes.

I've prepared what I believe is a simple dream for you. If you get it right, you'll save yourself and your fellow insurgents a lot of grief.

Talk about it with your friends and colleagues immediately – don't wait until Thursday's dream group to discuss its meaning. It's pretty important to understand this dream right away.

Sincerely,

Yahweh, God of the victorious Israelis
